
Fitness Tips

by Cari Draft Elliott, BS, CPT
ACE-Certified Personal Trainer

What's the key to making new exercise habits stick?

Answer: You've got to be consistent. Now is the perfect time to set your goal and do it **DAILY**. If you give yourself too much time off, you're not going to form that new habit long-term. Gradually shifting into a daily schedule will condition your pattern repeatedly until it becomes automatic. Be persistent!
